

## Truth is stranger than fiction

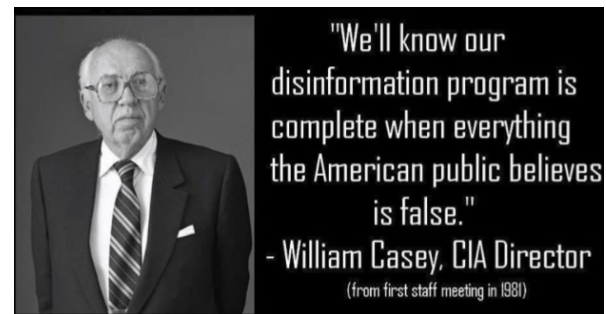

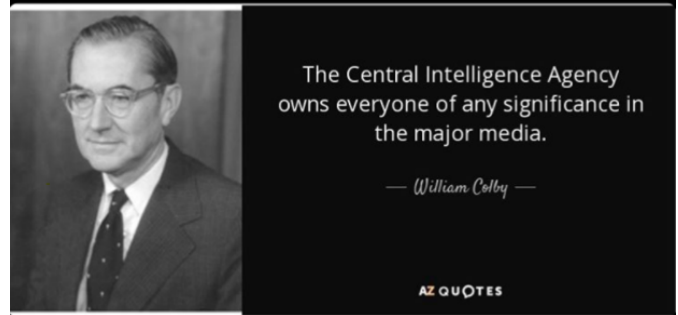

July 21, 2020

Dear neighbours,

In February of this year, my family and I decided to move from Texas back to my home country. We planned to build a free school for underprivileged children, where they would learn how to grow food and be good stewards of the land. But then the pandemic hit and everything shut down. My country's embassy closed, so I couldn't renew passports and apply for visas for my family. I waited for it to blow over - the health authorities advised we need 21 days to flatten the curve, to relieve the hospitals. Now, 4 months in, restrictions are the same if not worse. And they make no sense! Why are masks suddenly being mandated in many states when the death figures are the lowest they've ever been? Why the panic about asymptomatic carriers (i.e. people who are not sick) for something that has a 99% recovery rate? Why are we being asked to wear face masks in the heat of summer, when flu viruses are believed to be inactive? From the beginning, the official coronavirus narrative did not add up for me. And so I searched for answers. I wanted to know what was really going on so my husband and I could make informed decisions about moving. I wanted to be knowledgeable and prepared for the rest of what this crazy year has in store. Every step of the way, I prayed for guidance and clarity. I asked God: why can't I go home right now?

What I found was hard to believe at first, and I was in denial about it in the earlier days of my research. But every stone I turned pointed to it being true. What I learned is that there is about to be a big shift in the world. Huge problems will be coming to light and we (humanity) will have to make hard choices about our future. My journey down the rabbit holes of COVID and vaccines led me to the darkest corners of the earth: pedophilia, child trafficking, Satanic ritual child sex abuse and mind wiping. The Illuminati, the ruling elite, the 1%, the Permanent Government or Shadow Government - **they are real** and they have been controlling the direction of humanity for a very long time. They, as well as their recruits, worship the devil, and in their sick rituals they drug and abuse children, murder them, mutilate them and drink their blood. Some of their victims are newborn babies (Research "Pizzagate"). **These people are not like you and me.** They are psychopaths, meaning they have no empathy and have no moral consequences for their actions. Horrific as it sounds, this is only the tip of the iceberg. These criminals control the banks, governments, churches, health agencies, energy, the mainstream media, Hollywood and more. They even control what is (and what is not) taught in our schools, including medical school (research the "Flexner Report" or watch "[How Big Oil Conquered the World by the Corbett Report](#)"). Key people in our governments not only allow child trafficking to happen, they facilitate it and participate in it - some knowingly, some unknowingly. The mainstream media serves as their public relations arm, covering up their crimes against humanity by demonizing good people working to expose the truth. This is the global network that is engineering this plandemic, as well as George Floyd's death and the violent riots that came quickly afterwards (and spread globally at suspicious speed). What they have done, what they are doing and what they are capable of is beyond what most of us can imagine. One thing's for sure: they don't care about us, let alone our health. I'm not saying every person who works for these agencies is guilty - there are plenty of good people out there who mean well. What I'm saying is that there is a hidden hand controlling the big decisions, the main direction. And this hidden hand does not mean well at all. If they really cared about our health, they would be supporting and advising us on removing the staggering amount of toxins in our environment and on building up our immune systems by eating nourishing food, drinking clean water and being outside in the fresh air and sunshine.

Instead they tell us to wear masks. Recently Dr Fauci said about mask-wearing: "I want to make it be a symbol for people to see that that's the kind of thing you should be doing". You know where else masks are worn for symbolic reasons? In Satanic rituals! Yes, those rituals where they abuse and sacrifice children. What do masks symbolise in these rituals? They are a token of a person's silence and submission, a gesture of his/her willingness to be subject to those who are not his/her usual sovereign. It also serves to hide a person's identity to establish another being. (See "[Occult Ritual Transformation and Coronavirus](#)" at [wildflower.cloud/resources](#)). I am aware of how crazy this all sounds. But it is as true as the sun rising every morning. I expect

you want proof - everyone, understandably, wants that nowadays. Well, the latest confirmation I found of the evil in our governments is this: there was a court of inquiry in London (UK) in 2018, looking into human trafficking and child sex abuse. There, the court listened to witness testimonies of survivors, of which there are not many. These brave people exposed the traumas they experienced from the unthinkable crimes of this evil network. The question is: will we listen to them? Or will we immediately dismiss them because their stories are too much for us? Will we declare them as mad or mentally ill? Or will we simply be quiet for a while and listen with our own hearts and our own minds? For the children who are still being abused, and for the future of humanity, it's time we open our eyes. The testimonies and sessions are available at [commission.itnj.org/westminster-seating-april-2018/](https://commission.itnj.org/westminster-seating-april-2018/). Robert David Steele's introduction is a good place to start, if you don't have time to watch the whole opening session. And listen to the testimonies of Kristi Allen, Keri Burnor, and David Blessing. This is a window into the mentality of the people who are running our world.

"Why of course the people don't want war. Why should some poor slob on a farm want to risk his life in a war when the best he can get out of it is to come back to his farm in one piece? Naturally the common people don't want war: neither in Russia, nor in England, nor for that matter in Germany. That is understood.

But after all, it is the leaders of the country who determine the policy and it is always a simple matter to drag the people along, whether it is a democracy, or a fascist dictatorship, or a parliament, or a communist dictatorship... Voice or no voice, the people can always be brought to the bidding of the leaders. That is easy. All you have to do is tell them they are being attacked, and denounce the peacemakers for lack of patriotism and exposing the country to danger. It works the same in any country." - Nazi Hermann Goering

This was never about a virus. [Viruses are not even what make us sick!](#) What the ruling elite want is to gain control of the whole world. They are not doing it with tanks and nuclear weapons - they are using psychological warfare. How do you take down an enemy much larger than yourself? You do it by subversion. You do it in such a way that the majority of its citizens won't even notice - slowly, over decades, in a well-thought out and proven process. Have a look at "How to take a nation by subversion" (on my blog) and you'll see that this process of destroying American and other nations is in its final stages. What this plandemic is really about is the collapse of society, so that the elite can introduce their solution: a new world order. They want to collapse the economy so they can introduce a one-world currency. They want to poison all citizens with vaccines (among other things) and to control even more aspects of our lives, down to the last detail. They want a cashless society so they can better control wealth. They want to control the food supply too - in fact they are planning a food shortage along with the second-wave lockdowns coming this fall. This is unacceptable to me, so I am spending some of my time to help raise awareness. It is my hope that more people will wake up to this deep deception, to the monumental lies we have been told. This coronavirus scam is a big step towards their goal, just like 9/11 was, and they are preying on humanity's true nature of being kind and helpful to others. For their benefit they exploit our fear of getting sick, of dying, of being ostracised. These unelected yet powerful people are not the type of leaders I accept for the world my children live in.

"This is the planned structure of global dictatorship that I first warned about here decades ago: A world government imposing tyrannical control over everyone everywhere on Planet Earth; a world army imposing the will of the world government on those who resist; a world central bank controlling all finance; a single global electronic currency with all cash deleted; and a microchipped population connected to a global computer system." - David Icke, *The Trigger* (Sep 2019)

COVID-19 is a huge production set on the world stage. This is what I found when I looked behind the curtain. Whether or not you believe it is not up to me. I feel called to share what I know and so that's what I'm doing. I will continue to do my part to shine a light on this darkness that has infiltrated our most trusted institutions. I encourage you to do your own research. I listed some resources on my blog, if you want to start there. Free your mind. Listen. Then decide for yourself.

All authority derives its power from consent. **This all stops when we decide it does.** When we educate ourselves and stop acquiescing to their ridiculous rules, their disastrous agenda is no more. Until then, I will not be silent. I will stand up for the future our children deserve.

Warmly,  
Wildflower
